**GLOBALVISION WEB
RELEASE NOTES (VERSION 3.7.1)**

UPDATES

- Ability to manually scale (resize) images in Graphics Inspection.
- Ability to select multiple Graphics Inspection differences in Difference List to apply same level and/ or comment to them at once.
- Ability to group duplicate Spelling Inspection differences in Difference List.
- Ability for administrators to create custom Text Inspection profiles.

BUG FIXES

- Custom Graphics Inspection-profile functionality now administrator-controlled.
- Added Select All button, letting users check every report on homepage at once.
